MARIETTA, Ga., Feb. 1, 2013 /PRNewswire-USNewswire/ -- Martindale-Hubbell, a division of LexisNexis®, has confirmed that attorney **Melvin M. Goldstein, P.C.** still maintains the AV Preeminent Rating, Martindale-Hubbell's highest possible rating for both ethical standards and legal ability, even after first achieving this rating in 1999.

For more than 130 years, lawyers have relied on the Martindale-Hubbell AV Preeminent® rating while searching for their own expert attorneys. Now anyone can make use of this trusted rating by looking up a lawyer's rating on Lawyers.com or martindale.com. The Martindale-Hubbell® AV Preeminent® rating is the highest possible rating for an attorney for both ethical standards and legal ability. This rating represents the pinnacle of professional excellence. It is achieved only after an attorney has been reviewed and recommended by their peers - members of the bar and the judiciary. Congratulations go to **Melvin M. Goldstein, P.C.** who has achieved the AV Preeminent® Rating from Martindale-Hubbell®.

Melvin M. Goldstein, P.C. commented on the recognition: "The Martindale-Hubbell AV Preeminent Rating is a credential highly valued and sought after in the legal world. It used to be a sort of secret among attorneys who used the rating as a first screen when they needed to hire a lawyer they did not personally know. Now, thanks to the Internet, the Rating is a great way for anyone – lawyers or lay

people - to use to screen lawyers. I am thankful to my peers who nominated me for this distinction, and proud to have earned this, the highest possible Martindale-Hubbell rating."

About **Melvin M. Goldstein, P.C.**: *a short profile by and about the honoree:*

Just last week, a physician client had this to say about Goldstein: "Just a note to say thank you very much Mel Goldstein. Mr. Goldstein handled my case like an artist, like a concert pianist. Mr. Goldstein was so down to earth, he validated my concerns, explained how the board reviews cases ... by the way the complaint was dismissed. Thank you, thank you." A.A., M.D.
